Prepare for Your Study at Northeastern

Northeastern
University

1.1 Proof of Acceptance (POA)/ Provincial Attestation Letter (PAL)

Learn more about POA, PAL, and Deposit: [POA & Deposit Process – OGS Canada](#)

- The POA (Proof of Acceptance) is an enhanced offer letter required for international students' study permit applications to IRCC. A Provincial Attestation Letter (PAL) is also required for most applicants starting January 22, 2025.
- PALs issued in 2025 are valid until December 31, 2025. If you have been issued a PAL and you don't apply for study permit before December 31, 2025, your PAL will become invalid, and you will not be able to use it anymore.
- If your study permit application is refused, your PAL becomes invalid, and you will not be able to reuse it.

1.2 Study Permit Application & Tracking

1. Follow our guide: [Applying for a Study Permit – OGS Canada](#)
2. Submit online; keep email and phone number current with IRCC.
3. Study Permits are not issued outside Canada – once approved for a study permit, you will receive the required travel document (Visa or eTA) to allow you to come to Canada to receive the study permit on entry. [Difference between a study permit and a Visa?](#)
4. Immigration Officers or Canada Border Services Agents can request to see your proof of funds, your acceptance letter and other supporting documents on your arrival to Canada.
5. Track study permit application status in your IRCC account and update [NU's Study Permit Status Update Form](#) located in your application portal. The portal remains open for updates until you indicate approval or refusal.

1.3 Impersonation Scams

Learn more: [Scams and Safety – Canada](#)

- Official Northeastern emails always end in @northeastern.edu.
- IRCC emails commonly end in @cic.gc.ca.

1.4 Study Permit Refusal and Deposit Refund

If you used a PAL issued by Northeastern University to apply for your study permit and the study permit is refused:

- Update the [application portal](#)
 - Send us your study permit refusal letter via the [OGS inquiry form](#). OGS Canada can assist you to request GCMS notes about your refusal on your behalf, free of charge.
 - Once your refusal is verified, your PAL deposit will be refunded in 5-10 business days. We cannot retain deposits to transfer to a future intake. If you defer to a future term and are selected to receive a new PAL to support another study permit application, you will be invoiced for the PAL deposit for the new term. Connect with Admissions and explore your options.
- ## 1.5 Late Arrival & Deferral
- A NEW Late Arrival Request process for this Fall intake will be launched. Details of eligibility criteria and request process will be announced in the next 2-3 weeks. Please monitor your email and [OGS Canada website](#) for updates.
 - Once your study permit is issued, you must study. You cannot remain in Canada without studying as this will impact your study permit validity and your PGWP eligibility.
 - Do not travel to Canada unless you are ready and able to study.
