

This document certifies the student's **anticipated date of completion of a program of study**.

The student must complete Part I of the Certificate of Program Completion and have Part II & Part III completed by the academic department. Once the student has the completed document from their academic department, they must submit the request the appropriate OGS e-form with the document uploaded.

If this request is approved, OGS will adjust the end date of the student's program on their Form I-20 to the date listed on section II of this form.

When do I need to use this form?

Use this form if you plan to request a Post-OPT Recommendation I-20 from OGS, and then ultimately submit an OPT application to USCIS.

How do I submit this request?

After getting Part II and III completed by the academic department, students need to submit the request via the appropriate e-form.

Navigate to the [OGS Post-OPT Central](#) within your myOGS account. You will need to complete a Post-Completion OPT Quiz and then will be able to request a new I-20 with the OPT recommendation.

Note about mid-semester degree conferrals

Mid-semester degree conferral dates are handled by exception and require the college's approval. The date must align with the mid-semester degree conferral date as published in Northeastern's academic calendar.

Changes to Anticipated Date of Completion

If a student's anticipated date of completion changes after the Certificate of Program Completion has been submitted, or after a student's Post-Completion employment application has been submitted to USCIS, **please contact OGS immediately** for specific advising. It is the student's responsibility to timely report these changes.
